### 2.2 Ownership

Dyno Nobel (formerly Incitec Pivot Limited) is a public company, listed on the Australian Stock Exchange. The company originally formed in 2003 through the merger of Pivot Limited and Incitec Fertilisers, has a history tracing back to the early 20<sup>th</sup> century. It expanded significantly in 2006 with the acquisition of Southern Cross Fertilisers Pty Ltd and its exit from the Orica group. In June 2008, the business broadened its global footprint with the integration of Dyno Nobel, further strengthening its position in the industrial explosives market.

The company was admitted to the S&P / ASX 50 index in September 2008. On 31 March 2025, Incitec Pivot Limited officially changed its name to Dyno Nobel Limited.

### 2.3 Product Range

- (a) Dyno Nobel is a global manufacturer and supplier of commercial explosives and blasting services and fertiliser manufacturing.
- (b) Following completion of the sale of the Fertiliser business to Ridley Corporation, fertiliser distribution is no longer part of Dyno Nobel.

- (c) Dyno Nobel's product range includes ammonium nitrate, bulk and packaged explosives, initiating systems, and blasting technologies designed for the mining, quarrying, and construction industries.
